	-2	25X1A						
25X1A	1. Comment. The shipments dispatched to Cottbus definitely consisted of Yak-lls or MiG-15s consigned to the VPL. It is believed that the shipments dispatched to Dresden-Klotzsche were earmarked for a Soviet Air Force training unit stationed there. It is believed that the four reporting sources partly observed the same shipments. The point could not definitely be clarified, because shipment record numbers were							
25X1A	not mentioned. See also							
25X1A	2. Comment. It could not be determined whether the tanks were consigned to Soviet or VP units.
